

Ergonomics is the keyword for this sit-on stacker. All drivers can find their optimal driving position, thanks to the adjustable steering wheel with many adjustment options. The seat is adjustable, the floor can be raised/lowered and the tilt adjusted. The driving controls, with the sprung armrest, are also adjustable.

World-beating ergonomics.

The truck can be equipped with foot pedals for forward/reverse as well as a mini-steering wheel on the armrest.

CHARACTERISTICS

- Lifting capacity 1350/1600/2000 kg
- Lift height up to 7000 mm
